

RITU JAISWAL

jritu961@gmail.com — +91-6392950169
linkedin.com/in/ritu-jaiswal-4541851b3 — Noida, Uttar Pradesh

Professional Summary

Strong in design and integration with intuitive problem-solving skills. Proficient in Node.js, JavaScript, Core Java, React, Express.js, MongoDB, and PostgreSQL. Passionate about building scalable systems and translating business needs into technical solutions.

Skills

Languages & Frameworks: Node.js (Express.js, Nest.js), JavaScript (ES6+), React.js, Core Java, Golang

Databases: MongoDB, MySQL, PostgreSQL, SQL, Cassandra

Tools & Technologies: Docker, Git, GitLab, Kafka, gRPC, RabbitMQ, REST APIs

Frontend: HTML5, CSS3, Bootstrap, MUI, Tailwind CSS

Soft Skills: Problem Solving, Communication, Teamwork, Time Management

Professional Experience

Software Engineer

Jan 2023 – Present

WITS Innovation Lab, Chandigarh

- Developed scalable backend services in Node.js using microservice architecture.
- Implemented Kafka-based notification systems and integrated gRPC for internal service communication.
- Optimized PostgreSQL and MongoDB queries to enhance data retrieval efficiency.
- Integrated secure third-party APIs ensuring compliance and robustness.

Full Stack Developer (Remote)

Nov 2021 – Dec 2022

Fynd Academy

- Developed a logistics management platform using Node.js and React with real-time tracking and auto-agent assignment.
- Created secure and efficient REST APIs with proper authentication and performance optimization.
- Designed frontend components using React, Tailwind CSS, and integrated them with backend services.

Projects

BHARATHAM PROJECT

Node.js, MongoDB, React, RabbitMQ, Bhasini

- Utilized Node.js and MongoDB for backend development, and React for the frontend.
- Implemented a Reconciliation Service Provider (RSP) for payment settlement in a microservices architecture.
- Integrated RabbitMQ for asynchronous communication between services.
- Integrated Bhasini translator to enable multi-language support across the platform.
- Contributed to building a robust backend infrastructure supporting essential features like authentication and payment reconciliation.

ONDC HACKATHON

Node.js, MongoDB

- Implemented and managed inventory APIs using Node.js and MongoDB.
- Developed features enabling sellers to register, add products, and track stock levels efficiently.
- Tracked metrics such as stock status, sales data, profit, and loss to help sellers make informed decisions.
- Ensured seamless integration of inventory functionalities for multiple seller accounts.

ONDC MOCK SERVER

Node.js, YAML

- Implemented a mock server using Node.js and YAML for endpoint simulation.
- Parsed YAML mock data with js-YAML to define endpoints and expected responses.
- Facilitated efficient testing and debugging of API interactions.

HR MANAGEMENT SYSTEM (HRMS)

Nest.js, PostgreSQL

- Developed endpoints for employee management, leave, attendance, payroll, performance, recruitment, and document management.
- Utilized Nest.js and PostgreSQL for modular design and efficient data handling.
- Implemented robust authentication and authorization mechanisms for secure API access.

LOGISTICS MANAGEMENT SYSTEM

React.js, Node.js, MongoDB

- Developed a logistics management system with real-time tracking and automated delivery agent assignment.
- Implemented secure authentication, error handling, and order cancellation workflows.
- Enhanced user experience with real-time notifications and optimized API endpoints.

NATIONAL PENSION SYSTEM

Node.js, PostgreSQL, Kafka, gRPC

- Developed and maintained core backend modules including a Kafka-based notification system and gRPC-based communication between services.
- Integrated secure third-party APIs and optimized data operations in PostgreSQL for high-performance queries.

Education

Bachelor of Technology (B.Tech) in Computer Science
Feroze Gandhi Institute of Engineering and Technology, Raebareli
GPA: 8.56 / 10

2022

Certifications

- Java Programming - Udemy
- Node.js Backend Development - Udemy
- MERN Stack Development Certification
- WITS Innovation Lab – Appreciation Certificate
